The hostel (standard rooms with shared bathroom)

Guest rooms

The hostel has 14 guest rooms and five apartments with 3 guest room each. Guests have a choice of 1-, 2-, 3-, 4-, or 5-bed rooms. Each dorm room has a sink with running hot and cold water.

Our soft blankets and pillows are hypoallergenic.

Recreation room and kitchen

Our communal kitchen is equipped to suit any cook's needs. The appliances include a stove with a ceramic glass cooking surface, a convection oven, a refrigerator with a freezer, and a dish-washer, all for common use. Naturally there are also pots, pans, bowls, dishes, cutlery, etc. and even spices at your disposal. You just have to come up with the remaining ingredients, obtainable at the surrounding neighborhoods shops.

If you don't feel like cooking, you can treat yourself to the excellent cuisine of the restaurant located right in our building: "Planwirtschaft" (basement and ground floor). Reservations can also be made for special events, family parties, etc.
